I N T R O D U C T I O N

This issue of **Alabama Agricultural Statistics** is the eighth of the series that began in 1948. Most of the tables in this issue contain data for the 10 year period 1948-57. Historical series for many tables may be found in the bulletin of February 1948.

Alabama Agricultural Statistics brings together the more important series of current and historical data concerning agriculture in the State. An effort has been made to publish information most often requested by farmers, the general public, and government agencies.

Most of the statistics in this bulletin are estimates based on sample data and are not actual enumerations. The latest available information

ALABAMA AGRICULTURAL STATISTICS

has been compiled in this issue, but 1957 data are preliminary and subject to revision.

To provide statistical information that is both accurate and timely is the purpose of the Crop Reporting Service. At various times during the year the Crop Reporting Service receives reports from nearly 15,000 Alabama farmers, processors, and businessmen giving information about crops, livestock, prices of commodities that farmers buy and sell, and other related subjects. These reporters serve on a voluntary basis and are the backbone of our crop reporting system. Although crop reporters supply the basic data for these estimates, the Census and other Federal and State agencies are important sources of information. In addition field observations and personal interviews assist the statistician in interpreting data.

The Alabama Cooperative Crop Reporting Service publishes official estimates of crop production, prices, and other agricultural information. Anyone desiring these reports may receive them without charge by writing to J. C. Garrett, Agricultural Statistician, Post Office Box 1071, Montgomery, Alabama. The following is a list of the more important reports and the approximate dates of their release:

Report	Released
Weekly Crop-Weather Summary	Each Tuesday
Broiler Chick Report	Each Wednesday
Mid-Month Farm Commodity Prices	1st of each month
Cotton Report	8th of the month—May, July through December
General Crop Report	12th of month—March through November
Livestock Slaughter Report	8th of month
Commercial Hatchery Report	20th of month
Pig Crop Report	June 24 and December 24
Annual Crop Summary	December 20
Annual Livestock Inventory	February 18
Prospective Plantings	March 20

Special reports on pasture and cover crop seeds, honey and bees, hybrid corn acreage, dairy products, farm income, commercial vegetables, fertilizer sales, and county estimates for cotton, corn, peanuts, soybeans, cattle, milk cows, hogs and chickens

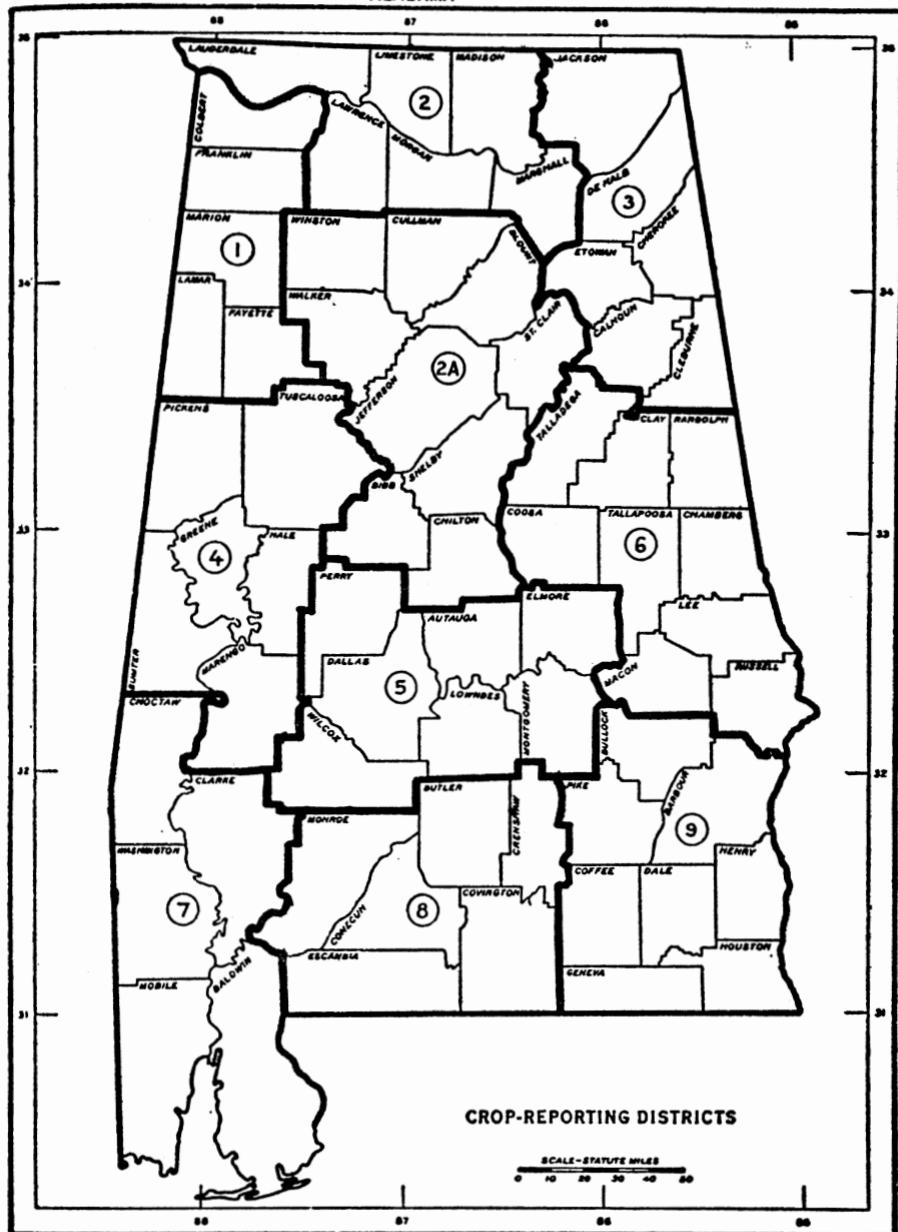

}

Various times throughout the year

ALABAMA AGRICULTURAL STATISTICS

3

ALABAMA

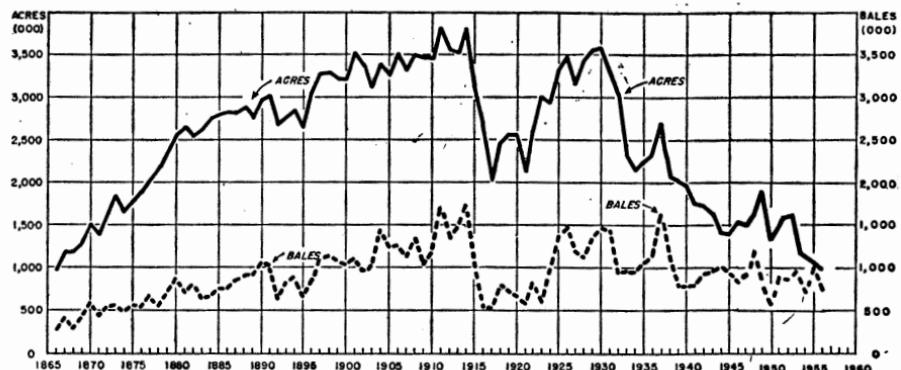

U.S. DEPARTMENT OF AGRICULTURE

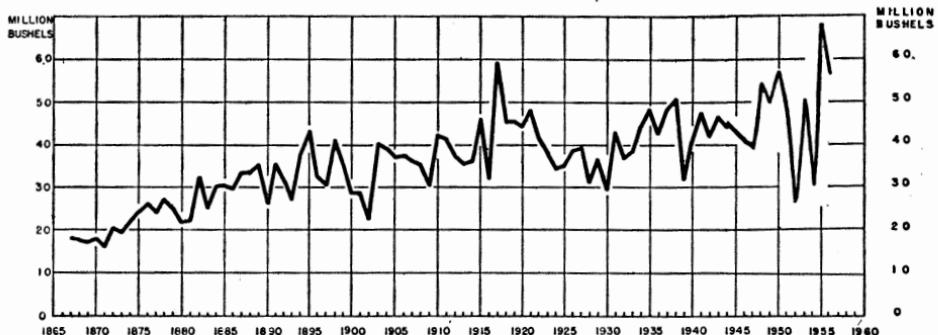

Reports from farmers are tabulated by counties and districts.
This aids in interpreting the averages and in making
calculations of the State estimates.

ALABAMA AGRICULTURAL STATISTICS

INDEX

	Page
Acreage (see individual crops)—	
crop summary 1956-57	8, 9
total land area, by counties	72
land in farms, by counties	72
total cropland, by counties	72
Alfalfa hay —acreage, yield, and production	36
Automobiles , number on farms, by counties	72
Beef cattle (see cattle)—	
mid-month prices	64
Bees —	
honey production and value	51
number of colonies	51
Bran —mid-month prices paid by farmers	66
Broilers , commercial—	
mid-month prices	65
production and income	57
graph	56
Broiler growing mash —mid-month prices paid by farmers	67
Butter —farm production	52
Butterfat —	
mid-month prices	64
percentage in milk	52
quantity sold and value	52
Cabbage —acreage, yield, production, and value	38
Calves —	
inventory, January 1	43
mid-month prices	64
number born	43
slaughter—	
commercial	43
farm	43
Cash receipts from farm marketings	70
by commodities	71
by months	70
Cattle —	
inventory January 1—	
graph	5
map showing distribution	41
number, value and classes	42
number by counties	44-45
marketings	43
mid-month prices	64
production and income	43
slaughter—	
commercial by months	42
farm	43
Census data —miscellaneous data from U.S.Census	72
Cheese, American , production by months	54

Chickens—	
chicks hatched by commercial hatcheries, by months	61
commercial broilers, production and income	57
farm flocks, production and income	57
hens and pullets, average numbers, by months	60
inventory, January 1—	
map showing distribution	41
numbers, value and classes	57
number, by counties	58, 59
mid-month prices	65
Clover-timothy hay—acreage, yield and production.....	36
Commercial vegetables—acreage, yield, production and value.....	38, 39
Corn—	
all—	
acreage utilization	15
acreage, yield, production and value	15
acreage, yield and production, by counties	16-19
graph, production	4
map showing distribution	14
production and farm disposition	15
grain—	
acreage, yield and production	20
farm stocks, quarterly	20
mid-month prices	62
hybrid—percentage of acreage planted with hybrid seed	20
silage—acreage, yield, and production	20
sweet—acreage, yield, production and value	39
meal—mid-month prices paid by farmers	66
Cotton	
acreage, yield, production and value	10
acreage, yield, and production by counties	12, 13
estimated percentage of total lint sales made by farmers	
each month	10
grade and staple length	11
map showing distribution	14
mid-month prices	62
graph	4
wage rates for picking cotton	74
Cottonseed—	
production, farm disposition and value	10
mid-month prices	62
meal—mid-month prices paid by farmers	66
Cowpeas—	
acreage utilization	29
harvested for peas—	
acreage, yield, production and value	29
production and farm disposition	29
hay—acreage, yield and production	36
Cream—quantity sold and value	53
Crimson clover seed—acreage, yield, production and value	37
Crop reporting districts, map	3

INDEX—Continued

Cropland, by counties	72
Crops (see individual kinds)	
cash receipts and value of home consumption	70, 71
summary, principal crops, acreage, yield, production and value	8, 9
Cucumbers—acreage, yield, production and value	38
Dairy feed, mixed—mid-month prices paid by farmers	67
Dairy production—	
production, disposition, value and income	52-55
mid-month prices	64, 65
Eggs—	
production, by months	60
production and income	61
mid-month prices	65
number laid per 100 hens and pullets	60
Electricity, farms reporting, by counties	72
Farm income	70, 71
Farm wage rates	74
Feed—mid-month prices paid by farmers	66, 67
Fertilizer—total sales	69
Fescue (tall) seed—acreage, yield, production and value	37
Forage—	
corn, acreage	15
sorghum, acreage, yield, production and value	30
Fruit crops	40
Government payments to farmers	70
Grain sorghum—acreage, yield, production, farm disposition and value	30
Graphs	3-6, 14, 28, 41
Hay—	
all—	
acreage, yield, production, farm disposition and value	36
mid-month prices	63
hay crops, by kinds—	
acreage, yield and production	36
Hogs—	
inventory, January 1—	
graph	5
map showing distribution	41
number, value and classes	47
number, by counties	48, 49
marketings	47
mid-month prices	64
pig crops	47

Milk cows—	
inventory, January 1—	
graph	5
map showing distribution	41
number, value and classes	42
number, by counties	44, 45
production per cow—	
butterfat	52
milk, annual total	52
milk, by months	55
Mules —inventory, January 1—number, value and classes	51
Number of farms , by counties	72
Nut crops	40
Oats —	
acreage, yield, production and value	33
farm stocks	33
mid-month prices	62
production, farm disposition and value	33
Pasture condition	31
Peaches —production and value	40
Peanuts —	
acreage utilization	26
picked and threshed—	
acreage, yield, production and value	26
by counties: acreage, yield, and production	27
map showing distribution	28
mid-month prices	63
production and farm disposition	26
hay—acreage, yield and production	36
Pears —production and value	40
Pecans —	
improved: production and value	40
seedling: production and value	40
total: production and value	40
Pigs —	
inventory, January 1	47
spring and fall pig crops	50
Potatoes, Irish —	
Baldwin area—	
acreage, yield, production and value	34
production and farm disposition	34
other areas—	
acreage, yield, production and value	34
production and farm disposition	35
all—mid-month prices	63

INDEX—Continued

Poultry—combined income	61
Poultry—(see individual species)	56-61
Prices paid by farmers—mid-month prices of feed items	66, 67
Prices received by farmers—	
index of prices received	68
mid-month prices	62-65
Production rank—Alabama's production rank among states	7
Scratch grains—mid-month prices paid by farmers	67
Seed crops	37
Sheep—	
inventory, January 1—	
number, value and classes	46
production, marketings and income	46
Silage—	
corn—acreage, yield and production	20
sorghums—acreage, yield and production	30
Sirup—	
sorghum—acreage, yield, farm disposition, production and value	31
sugarcane—acreage, yield, farm disposition, production and value	31
Snapbeans—	
mid-spring—acreage, yield, production and value	38
late summer—acreage, yield, production and value	38
Sorghums—	
acreage utilization	30
grain—acreage, yield, farm disposition and value	30
silage and forage—acreage, yield and production	30
sirup—acreage, yield, production, farm disposition and value	31
Soybeans—	
acreage utilization	21
harvested for beans—	
acreage, yield, production and value	21
by counties; acreage, yield and production	22-25
farm stocks	28
map showing distribution	28
mid-month prices	63
hay—acreage, yield and production	36
meal—mid-month prices paid by farmers	66
Strawberries—acreage, yield, production and value	39
Sugarcane sirup—acreage, yield, production, farm disposition and value	31
Sweet corn—acreage, yield, production and value	39
